# National Professional Qualifications

**Applications open for Spring 2025!**  
**Apply now to have the best possible chance of a  
funded place.**

Our NPQ courses aim to sharpen and broaden your existing abilities, making you a more proficient leader both in and out of the classroom. Completing an NPQ with us will provide you with practical support and guidance, as well as fundamental knowledge to help further improve your school.

We are delighted to be able to offer a suite of National Professional Qualifications through two different providers as part of our commitment to delivering the best possible professional development to all colleagues.

**Showcase your unwavering dedication and expertise  
in school leadership and subject-specific teaching  
practices. Visit our website to find out more and apply.**

Learning ~ Fellowship

## What will the impact of my NPQ be?

- You'll gain a deep and practical understanding of the latest evidence based on up to ten key areas of study, including teaching and learning, SEND and behaviour, effective implementation and governance.
- You'll attend small group coaching sessions for each unit, allowing you to really interrogate your understanding of that research and its application - making sure that you're in a good place to take it forward and actually use your new learning to impact outcomes in your school.
- You'll study a number of different case studies from schools like your own and those that are very different, building confidence and clarity in your own leadership and what your leadership priorities are.
- You'll have a clear understanding of what the evidence tells us really works in schools, and rich, practical ideas of how you can implement change quickly and effectively in your own school.
- NPQs are the DFE recommended programme of ongoing professional development for all teachers and school leaders, once you have completed the Early Careers Framework. Completing NPQs as your career progresses will put you in a great position for future career development, whether that's in another school or within your current school or trust.

*"Taking part in the NPQSL programme has brought high-quality research to my attention and it's been delivered in a manner that has had a positive impact on my teaching practice. All of the instructors have been brilliant in developing our knowledge and helping us apply it in our current context. It's also been a fantastic opportunity to network and share ideas with colleagues."*

*Jon, current NPQSL participant*
